## Medical Waiver (Signature Required)

By signing below, I agree that I am over age 18 and I have been advised by MDHearingAid that the Food and Drug Administration and the State of Illinois have determined that my best interest would be served if I had a medical evaluation by a licensed physician, preferably a physician who specialized in diseases of the ear, before purchasing a hearing instrument; or a test by a licensed audiologist or licensed hearing instrument dispenser utilizing established procedures and instrumentation in the fitting of hearing instruments. I do not wish either a medical evaluation or test before purchasing a hearing instrument."
